### BERNSTORFF PLANNED TO WRECK RAILWAY; O'LEARY A TOOL

State Department Gives Out Three Messages Revealing Duplicity of Former Ambassador

#### "EMBARGO CONFERENCE" PART OF SCHEME

Man Denounced By Wilson During Campaign Shown to Have Been German Agent

(International News Service.)

Washington, Oct. 16.—That Count Von Bernstorff while ambassador of Germany to the United States plotted the destruction of the Canadian Pacific railway at several points so that it would be entirely tied up, was made known here today. The state department made public three cable grams which the German ambassador exchanged with the foreign office on the subject, detailing the plan. The messages also suggested general sabotage in the United States, mentioning Americans who might be used for such a purpose.

Count Bernstorff also cabled his

government that an organization

known as an "embargo conference"

was about to enter on a vigorous

campaign to secure a majority of both

houses of congress favorable to Ger-

many. This statement, along with the

messages, was made public by the

state department. The Americans

mentioned in Bernstorff's message

were Joseph McGarrity, Philadelphia;

John P. Keating, Chicago, and Jer-

miah O'Leary, New York.

A "Dr. Hale" was mentioned in the

messages as being able to give in-

formation as to just how to enter

upon a campaign to secure a ma-

ajority in both houses of congress fa-

vorable to Germany, and the am-

basador expected further support.

The embargo conference mentioned

had for its avowed object securing

the declaration of an embargo on

munition exports by the United States

government. It sent a committee to

Washington to confer with senators

and representatives, and one of the

results was the introduction by Rep-

resentative McLemore, of Texas, of a

resolution designed to warn Ameri-

can citizens not to take passage on

armed ships. This resolution was

tabled.

The state department declined to

elaborate on the series of telegrams.

Secretary Lansing declared they

spoke for themselves and there was

nothing to add to them.

With the mentioning of Jeremiah

O'Leary, president of the American

Truth Society, in connection with the

state department's revelations, offi-

cially again called attention to Pres-

ident Wilson's letter to O'Leary on

Sept. 29, 1916, in reply to a telegram

announcing that O'Leary would not

vote to re-elect him. The letter is as

follows:

Your telegram received. I

would feel deeply mortified to

have you or anybody like you vote

for me. Since you have access to

many disloyal Americans and I

have not, I would ask you to

convey this message to them.

### LYLE-TAYLOR TO HANDLE MILLION BUSHELS OF CORN

#### TWIN CITY CONCERN PREPARED TO MOVE THIS YEAR'S BIG CROP.

It is safe to say that few residents of the Twin Cities realize the importance in size and scope of one of the local concerns of which they hear of or do business with every day in the year.

Seeing an announcement a few days since of the opening of a branch office at Hartselle and noticing the activities of Mr. F. E. Taylor at Athens, a reporter of the Daily interviewed that genial gentleman and learned a great deal more about the extensive business of the Lyle-Taylor Grain Co. than he was of.

The Lyle-Taylor Grain Co., composed of Messrs. W. L. Lyle, H. B. Lyle and F. E. Taylor, while having been in existence under this firm name for about two years, now have offices at Huntsville, Sheffield, Albany-Decatur, Athens and Hartselle. While the head office of the firm is located at Huntsville, the greater part of the business is done through the Albany office which handles the affairs of the Sheffield, Hartselle and Athens offices, and is under the personal charge of F. E. Taylor, a man of eight years' experience in the grain business and a hustler from the word go.

Besides an office in the Kentucky Block, corner Fourth avenue and Moulton street, the Lyle-Taylor Grain Co. maintain a corn crib with a capacity of 35,000 bushels which is entirely separate from their main building covering 9,500 square feet in which is operated their giant corn sheller and shuck-bailer.

The equipment in the main building consists of the big sheller which is fed by an elevator extending from the car to the sheller in endless chain formation. This big sheller is of the

### Albany's Tax Income For Year Increased Over Five Thousand

#### Schools Have Revenues of More Than \$2,500 Over Those Of the Preceding Year

Albany's income from municipal taxes has been increased between \$5,000 and \$6,000 for the present year, due to the enhancement in values and the consequent raise in assessments by the county board of equalization. The assessments were in reality raised last year, but did not apply to the city, which makes up its tax roll one year late.

City Clerk Henry Hartung today completed his compilation of Albany's

taxable property and announced that the total was \$3,449,917 and that the total municipal taxes derived from assessments on property was \$27,579. Of the total tax revenue, the city schools receive \$10,349, or more than \$2,500 in excess of the amount for last year. This will enable the schools to satisfactorily handle the excess attendance due to the enactment of the compulsory school law by the last legislature.

### GREEN OUTLINES PLAN TO CONSERVE THE FOOD SUPPLY OF MORGAN COUNTY

#### WEEK OF OCTOBER 21 PLEDGE CARDS WILL BE DISTRIBUTED IN EVERY PRECINCT FOR THE SIGNATURES OF PATRIOTIC CITIZENS.

#### EXECUTIVE COMMITTEE OF FOUR

#### PURPOSE IS ELIMINATE WASTE AND TO ENCOURAGE ECONOMY IN THE SAVING OF FOOD PRODUCTS. MOVEMENT VOLUNTEER ONE.

Hon. D. F. Green, appointed by Herbert C. Hoover, national food administrator, to conduct a food conservation campaign in Morgan county the week beginning Oct. 21, returned today from Montgomery, where he attended a state conservation meeting, and outlined his plans.

The purpose of the campaign, which is nation-wide, is to encourage the conservation of all food products by the elimination of waste. The movement is a volunteer one, and to be successful the public interest must be aroused and patriotism stimulated. In order to do this, Mr. Green will appeal to the press, to the pulpit, to the teachers and to organizations of all kinds to co-operate with a county committee of four members other than himself that he will name.

The plan of action, briefly sketched, follows:

#### A Call For Volunteers.

1. County Executive Committee (4).  
2. Organize by school districts, by requesting—

(a) All school teachers to co-operate by holding a community meeting on Friday, Oct. 19, and have public speeches made explaining the purpose and plans.

(b) All preachers to announce the campaign which begins Oct. 21; preach on the subject to the people and explain as to the duty of everyone to co-operate.

(c) All fraternal bodies are urged to co-operate and render every assistance.

(d) All other community clubs, school improvement associations, etc., are urged to do their "bit" in making the campaign a success.

(e) All newspapers are requested to explain the purposes of the campaign and urge every household to sign the pledge card.

#### The Pledge Card.

The pledge card which every citizen will be asked to sign during the week, beginning Oct. 21, reads as

### BATTLE RAGES OVER TWENTY MILE FIELD; ALLIES ARE WINNING

More Than Million Men and Five Thousand Cannon are Being Used

#### MAY FORCE EVACUATION NORTH BELGIUM

Radicals Gain Control of Executive Committee At Petrograd

(International News Service.)

London, Oct. 16.—The war office announced today that strong German counter attacks were launched with powerful effectiveness during the night against the positions won yesterday on the West Flanders front, but all were repulsed, except south of the Ypres-Stedin railway, where the British were forced to fall back on a front of about 2,000 yards.

(International News Service.)

Petrograd, Oct. 16.—The Bolsheviks (the radicals) have gained control of the Petrograd executive committee of the council of workmen and soldiers' delegates.

(International News Service.)

London, Oct. 16.—The battle of Flanders in which both the British and French armies are on the offensive against the Germans, has reached its supreme magnitude and today it covers a field 20 miles square in extent. It is the greatest engagement the world has ever known, and it is estimated that more than 1,000,000 men and more than 5,000 guns are engaged. As a result of the brilliant gains achieved yesterday by the Anglo-French armies, not only the German base on the Belgian coast is menaced, but the Germans may be forced from all northern Belgium as well. The Germans heavily bombarded the newly won ground of the British and French north and east of Ypres and attempted counter attacks, but were unable to wrest from the allies any of the territory gained. In addition to taking important positions from the Germans, the allied armies captured upwards of 2,000 prisoners. The German key position at Poelcapelle is now in possession of the British.

The advance of one to two miles scored by the allied armies in the latest thrust against the Germans has tightened the British hold upon the Passchendaele ridge, and all German hopes that they might be able to re-capture it must now be abandoned. Along the northern end of the 10-mile fighting line the French distinguished themselves by forcing a crossing of Broenbeck river and entered St. Jean and Zoeloeke.

All of the positions captured by the Anglo-French armies were consolidated during the night. The Austrians in particular distinguished themselves in the fighting, but no brave were the soldiers from Wales, Scotland, Ireland, England, Canada, New Zealand and the French.

Washington, Oct. 16.—In the interest of Liberty Bond holders, Postmaster General Burleson today issued instructions to postmasters to honor both coupons and warrants in obtaining interest on Liberty Bonds when due.

### MORGAN COUNTY SHORT TWENTY TEACHERS, SAYS SUPERINTENDENT

#### Compulsory Attendance Law Has Forced 20 Per Cent More Children Into the Schools

Morgan county is short twenty teachers in its public schools, according to announcement today of Prof. J. C. Tidwell, county superintendent of education. The shortage is due to the fact that the compulsory attendance law, which became effective Oct. 1, has forced 20 per cent of the scholastic population out of the fields and into the school room. Although the available supply of pedagogues has been reduced by the draft law, Superintendent Tidwell is still on the hunt for the needed teachers and expects to find them soon.

The compulsory law went into effect without a hitch, according to reports which Supt. Tidwell has received from every section of the county.

#### Board Meeting.

The Board of Education will meet at the court house at 10 a. m. Tuesday, Oct. 16, to apportion the funds to the various schools of the county.

J. C. TIDWELL,  
County Supt. Education.

### PEACE CONFERENCE AT SOFIA, SAYS VIENNA DISPATCH

(International News Service.)

Geneva, Oct. 16.—An important peace conference is to be held in Sofia soon to consider what terms the German allies shall offer and to review the whole war situation, according to information reaching here from Vienna today.

The Kaiser, Emperor Charles of Austria, King Ferdinand of Bulgaria, and a representative of the Sultan will be present. This news, coming on the heels of a report that the central powers would make a new peace offering on the basis of no annexations and no indemnities, aroused interest in Switzerland.

### REVOLUTIONARY PLOT IN GERMAN NAVY EXAGGERATED

(International News Service.)

Amsterdam, Oct. 16.—Rumors circulated in Germany that a revolutionary plot had been unearthed in the navy involving independent socialists, including Deputy Haas, were greatly exaggerated, Minister of Marine Capelle informed the Reichstag, according to a telegram from Berlin today. The minister refused to give details, but stated that the plotters had been summarily dealt with.

## GERMANY IS GROWING TIRED OF THE WAR.

If the Deutsche Tages Zeitung, an influential newspaper published at Berlin, is correct in saying that the "peace party" in the German Reichstag is ready to suggest terms for the ending of the long and costly war that will embrace the restoration of Belgium and that section of France overrun by the Teuton hordes, it is apparent that the entente allies and the central powers are much nearer an agreement than at any time since hostilities began. The remaining and outstanding difficulties in the way of a peace agreement would be the Balkan situation, the return of Alsace-Lorraine to France and the destruction of German militarism and the emancipation of the German people from their autocratic form of government. As to indemnities and annexations there would be little quibbling as the United States, which will say the final word, has never yet waged a war for conquest or enrichment.

The conflict has not yet reached that decisive stage where any peace terms originating in Berlin would be acceptable to those nations that are fighting to "make the world safe for democracy," for the military element is still in control of the imperial government and might and not right is the ruling motive that directs the German policy. A few more victories in Belgium, another successful thrust or two in Turkey and along the Italian-Austrian frontier, and it is not impossible that the German masses will begin to realize that the war is a hopeless one and that it must be ended at whatever cost. Defeat for the Kaiser's armies may bring the triumph of Socialism to the empire.

All the nations engaged are tired of the war, but the allies are not so tired but that they will press the advantage they have gained. Since the United States accepted the challenge to battle, the war aims of the Hohenzollerns have undergone a complete transformation. They no longer clamor for territorial expansion. There is not the slightest doubt but that they would most willingly restore the status quo ante-bellum as the price of peace.

## NO DEMAND EXISTS FOR DR. LANDRITH'S NEW PARTY.

Dr. Ira Landrith, candidate for president on the prohibition ticket in the last national campaign, has been placed at the head of a new political party organized at a meeting of non-descript elements recently held at Chicago. The "aim" of the new organization, to use a military term, is as yet undefined, while the necessity for its existence has not been clearly pointed out. It may be presumed from the fact that the well-known disciple of aridity is at its head that the infantile party will have a nationwide prohibition plank in its platform. It may also be taken for granted that it will hitch up with woman's suffrage and other harmless issues that are as yet unattached to any band wagon. A few progressives who failed to land jobs, and a few more who are still worried at the fall down of their idol—the Colonel—can be counted on to affiliate. Perhaps the Socialists may contribute a bit of strength, although the Landrith propensity for monopolizing the conversation may be an alienating influence.

All students of American politics

realize that there is no place for three major parties. Time and again dreamers and discontents have launched these organizations, only to have them bloom for a day and fade into oblivion. The Populists caused Tom Watson to go wrong, and he never recovered from the blow. The Bull Moose tempted Teddy so far away from the feeding trough that he has been compelled to browse on very thin pastures since. The Prohibitionists have harmed the cause they espoused by going after what they wanted in an impractical way, and now the spreading demand for temperance is to remove their last prop. All that a new party can hope to accomplish is to elect an occasional congressman in scattered radical districts, and to dicker with the democrats and republicans under the pretense of holding the balance of power in a few pivotal states. As the medium for the personal advertising of Tennessee's fighting parson only can the Chicago infant claim to have a mission:

## GREEN OUTLINES PLAN TO CONSERVE

(Continued from Page One.)

follows:  
To the United States Food Administrator:

I pledge myself to use the practical means within my power to aid the Food Administration in its efforts to conserve the food supplies of the country, and, as evidence of my support, I wish to be enrolled with myself as a volunteer member of the Food Administration.

Name.....  
Street.....  
City..... State.....

There are no fees or dues. We want your help, in the form both of your personal efforts to economize food and your influence with others toward food economy and wise control of our national supply. If you will give this help it will be a direct service to your country.

**Purpose of Campaign.**  
The purpose of the campaign is explained by the card as follows:

As Member of The United States Food Administration:

You can directly aid the Food Administration and help win the war by (1) Eating as little wheat bread or other wheat products as circumstances permit, and, if possible, not more than once daily; (2) eating meat (beef, mutton or pork) not oftener than once a day; (3) economizing in the use of butter and discouraging the excessive use of other fats; (4) cutting your daily allowance of sugar in tea or coffee, and of sweet drinks, candy, and in other ways helping to lessen the consumption of sugar; (5) eating more corn, rye, vegetables, fruit, fish, and poultry in place of wheat and meat; (6) avoiding waste of all kinds; and (7) urging in your own home or the restaurants you frequent the necessity of economy in food, and requesting the observance of these pledges by other persons.

Our problem is to feed our allies this winter by sending them as much food as we can of the most concentrated nutritive value in the least shipping space. These foods are wheat, beef, pork, dairy products and sugar.

Our solution is to eat less of these and more of other foods of which we have an abundance, and to waste less of all foods.

## NEAR SOLDIERS TO BE CALLED SOON AND CULLED OVER

The county exemption board is in session today at the court house preparing a list of men to be summoned next week for re-examination. Dr. M. W. Murray, the medical member of the board, has culled out the names of those who are suffering from wasting diseases, or who are so obviously physically disqualified in other ways that they are unfit for military service, none of whom will again be ordered to appear before the doctors. Only those will be summoned for examination whose physical disabilities are such that they may be accepted by giving the government "the benefit of the doubt."

The list of those summoned to appear for re-examination will probably appear in tomorrow's Daily.

The county board is also mailing notices to a large number who claim exemption on the ground of dependencies that their claims were allowed by the district board.

## MEXICO PLANS TO CRUSH THE REBELS

**OBERGON DECLARES CARRANZA GOVERNMENT FAVORS THE ALLIES.**

(International News Service.)  
Mexico City, Oct. 10.—The government will shortly send an army of 5,000 men in the field to crush the rebels who are still active in the states of Oaxaca, Tamaulipas and Vera Cruz, it was officially announced today.

(International News Service.)  
Chicago, Oct. 10.—Mexico is not a hotbed of pro-German propaganda, but on the contrary is in sympathy with the cause of the allies. Gen. Alvaro Obregon, former minister of war in Carranza's cabinet, declared today before leaving here for New York.

## Fear Lynching of Keet Kidnapper

(International News Service.)  
Marshfield, Mo., Oct. 10.—Smoldering antagonism to the Keet kidnapping prisoners here is being fanned into an open flame as the trial proceeds. Fearing mob vengeance, Sheriff Mackey today deputized more than a half hundred citizens and armed them with shotguns and revolvers.

More sensations are promised in the trial when Dick Carter, a prisoner, goes on the stand for the state, probably tomorrow.

## No Frost Reported; Temperature 38

The dampness prevented a fall of frost last night when the thermometer dropped to 38, according to the report today of Mrs. I. H. Irons, official weather observer. A light frost at this time would benefit the cotton crop, according to planters, although a killing frost would do immense damage.

## AMUSEMENTS

"CHEATING CHEATERS."

There is more than usual interest in the forthcoming production of "Cheating Cheaters," which A. H. Woods will present at the Masonic theatre, for an engagement of one night, Tuesday, Oct. 16, direct from a year's run at the Eltinge theatre, New York. "Cheating Cheaters" is by Max Marcin, author of "The House of Glass," and stands in the foremost ranks of the sensational Woods' hits that have made that manager one of the leading producers of the country. A remarkably brilliant mixture of farce melodrama and satire, "Cheating Cheaters" delighted New York audiences for an entire season and has been enthusiastically received everywhere. A theatrical treat that no playgoer can afford to miss, "Cheating Cheaters" promises to be one of the most popular plays that has come to Albany-Decatur in many seasons.

Seats will be placed on sale Saturday.

## WOMAN'S LITERARY CLUB.

The Woman's Literary club opened its 1917-18 season by observing President's Day. Mrs. E. D. Bailey, the presiding officer, opened her home at the club hour Tuesday afternoon to the members and some neighbors. A simple decoration carried in cosmas lent a pretty effect to this informal occasion. A "Literary Romance" was the feature of the afternoon's entertainment. Mrs. O. B. Cartwright was presented a book as the souvenir. Later iced, followed by coffee, were served. The guests were Mesdames Joseph W. Bailey, S. H. Malone, W. M. Bailey, A. H. Minor, T. M. Dix and W. C. Bailey.

## THE STORY TELLING, 3 TO 4 O'CLOCK.

Admission 10 cents; ages from 3 to 10 years. The popular story telling hour for children from 3 to 10 years of age, conducted by Miss Marie Kimbrough, begins at 3 o'clock Thursday and lasts until 4 o'clock.

## RECEPTION AT GUILD HOUSE FOR REV. MUNDY.

The ladies of St. John's Episcopal church will entertain with a reception Friday evening at 7:30 o'clock for the parish.

Monday afternoon Miss Dorothy Saul, who leaves soon for her future home in Nashville, was pleasantly surprised by a few of her friends with a "going-away" shower at the home of Mrs. Harry Olshine. Many beautiful gifts were received. After a pleasant social hour delicious refreshments were served. Those participating were Misses Christine Woodward, Rosa Hill, Annie Alexander, Ellie McBride, Clio Lovin, Auline Barnes, Elizabeth Houston, Frances Beason, Rowena Baker.

## BIBLE CLASS TO MEET.

The Matthews Bible Class will meet tomorrow afternoon at 3 o'clock with Mrs. L. J. Ramage.

Mr. and Mrs. Chas. Poole, J. H. Baker, W. J. Clendonon and J. L. Lipscomb, of Flint, were here today on business.

Mrs. R. E. Sanders has returned from a visit to her daughter, Miss Mary Grace, at Johns, Ala., and her son, Charles, who is at the Ft. Oglethorpe training camp.

Mrs. W. A. Brown was called to Georgia by the illness of a grandchild.

Mrs. Sue King McCarver accompanied Miss Margaret Clarkson, who left last night for New York.

Mrs. Guy Ponder, of Moulton, is visiting her parents, Mr. and Mrs. W. F. Clarkson.

Helen Brothers has returned from a visit to her grand parents, Mr. and Mrs. W. M. Brothers, at Flint.

Mrs. E. A. Orendorff is at Hillsboro today on business.

Mrs. D. D. Srygley and son have returned from Birmingham, Gadsden and Jacksonville, where they visited relatives.

After an extended visit to Washington, Baltimore and other points, Miss Ethel Corbise is visiting Dr. and Mrs. R. M. McClathery, en route to Huntsville.

Mrs. R. I. Walston, who has been at Asheville, N.C., for the summer, is greatly improved and will return to East Lake, Ala., about the middle of the month.

## PERSONALS

Hon. Thos. W. Martin, general counsel and vice-president of the Alabama Power Co., was here a few hours last night, en route from Huntsville to Birmingham.

Quincy W. Tucker, an attorney of Grove Hill, was in the city yesterday.

Alva Carpenter, a prominent business man from near El Paso, Texas, left today for his home.

Loyal G. Biggs has accepted a position with the civil service at Washington and will leave soon for the national capital.

J. T. Jones is in Birmingham for a week. He was accompanied by Mrs. Jones.

D. D. Srygley has returned from a visit to Memphis.

Clarence Tucker, of Manchester, Tenn., is the guest of friends on Fifth avenue, south.

Dr. J. F. Scott, of Clinton, N. Y., is expected to arrive here the latter part of this month and will probably winter here.

## Rev. Goodwin Accepts Call to Westminster

Rev. L. F. Goodwin, who was called to the Westminster Presbyterian church recently, has announced his acceptance of the call, and hereafter will occupy the pulpit every Sunday morning. He will continue to preach for the West Side church every Sunday evening until arrangements can be made for a pastor for that church. The officers of the West Side church have shown a magnanimous spirit in giving their consent to this arrangement.

## Walker & Green Buy Decatur Navigation Co

Three Barges and Ferry Boat at Lamb's Ferry Included in Deal. J. S. Walker and Stanley Green, of the Albany ferry, announced today their purchase of the properties of the Decatur Navigation Company from the Huntsville Lumber Co. The purchase includes the ferry boat at Lamb's Ferry and three barges, which will be operated between the Albany landing and Lock 6.

## NO ARTICLES SOLD BIG PRICES ARE BY THE RED CROSS PAID FOR COTTON

### OFFICIAL DENIAL OF RUMORS MADE BY DIVISION MANAGER CARROLL.

Liegh Carroll, division manager, of the Gulf Division of the American Red Cross, in a circular letter mailed to the local chapters, makes emphatic denial of rumors "industriously circulated" to the effect that articles knitted for the Red Cross are being sold. The denial in part follows:

To All Chapters and Auxiliaries at Large:

I am advised by Mr. H. D. Gibson, general manager, American Red Cross, that a story is being industriously circulated to the effect that sweaters, socks, and other articles knitted for the Red Cross are being sold either to the public, in shops or direct to soldiers.

This report is most emphatically denied. No articles whatever, either knitted or otherwise, made by Red Cross organizations and turned in to any Red Cross chapter, branch or auxiliary, or to any supply warehouse, should be sold either to the soldiers or in shops.

If any wilful case of this character is brought to the attention of the national headquarters, the charter of the Red Cross chapter, or a subsidiary sanctioning such a sale, should be immediately withdrawn, and the action given the fullest possible detailed publicity.

Those first calling cards. Every prospective bride takes especial interest in her first calling cards after the "Mrs." is added. Supply your wants by ordering early from the Daily. Many styles and prices to select from.

## STAPLE CONTINUES TO SOAR AND MAY GO TO 40 CENTS.

Prices unequalled since the days of the civil war are being paid for cotton on the streets of the Twin Cities. Although today's market declined from yesterday's high level, the quotations were still quite satisfactory to the large number of sellers. Spot cotton today brought around 26.80 and yesterday was above 27 cents.

Local merchants returning from northern markets report that manufacturers are selling for future delivery on a basis of 40-cent cotton, and it is not improbable that that price will be reached before the end of the season.

## Calomel Robbed of Nausea and Danger

Medicinal Virtues Retained and Improved—Unpleasant and Dangerous Qualities Removed—New Variety Called "Calotabs."

The latest triumph of medical science is a purified calomel, known as "Calotabs." The old-style calomel, as all doctors know, was the best and most generally useful of all medicines. The new variety, known as Calotabs, is purified and refined from all objectionable qualities, and is most delightful in effect.

One Calotab on the tongue at bedtime, a swallow of water—that's all. No taste, no griping, no nausea, no danger. Next morning you awake feeling fine, with a clean liver, a purified system and a hearty appetite for breakfast. Eat what you please. There is no restriction of habit or diet. Calotabs are sold only in original, sealed packages; price, thirty-five cents. Your druggist recommends Calotabs, and will refund your money if you are not delighted with them.

## GERMAN WHO IS PESSIMISTIC

General Baron von Freytag-Loringhoven, chief of the supplementary general staff of the German army, has declared that the general political and economic situation of the war works only in favor of the allies and that Germany's soldiers will be defrauded of the fruits of her victories. General Loringhoven believes trench warfare a great mistake and thinks that only an aggressive attack would have brought success. He adds, however, that the German offensive was not strong enough to overthrow the allies. He is shown, at left in photograph, talking with a member of his staff.

## JUDGED BY HER PERSONALITY

Physical Tests Are No Longer Employed in Making the Selection of a "Perfect Woman."

The British perfect woman has been discovered. She is forty and the mother of five children. There are no statistics as to height, weight or bust measurement. The physical features are not the most important part, though they are to be taken for granted from an array of social and spiritual qualities. Here is what makes her the perfect woman: She is in happy circumstances, living in a beautiful part of the country, a few miles from a big town. She is the center of a good home, in which there is a standard of cleanliness and comfort and where good taste is everywhere visible, in furniture, carpets, curtains, wall paper, ornaments and clothes. And then the description goes on to say:

"The ideal woman is sensible and businesslike and her home is a place of peace. She is patriotic and interested in politics. She takes walks, rides, bicycles, climbs, dances, skates, rows and plays games. She can ride a horse and drive a motorcar."

Thus it is the personality, not the person, that makes the perfect woman. One often sees where the grace and beauty break through the fashion and form and make even a plain person attractive. The latest test of the perfect woman is spiritual, not physical.—Columbus (O.) Journal.

## They've Heard Their Mothers Talk About The Majestic Range

We are having a contest for the Boys and Girls of Albany and vicinity. They have written letters in answers to the questions:

## Why Does Majestic Bake Better, Last Longer, Heat More Water And Use Less Fuel Than Any Other Range?

In their childish way, the writers have "hit the nail on the head" in many cases. Of course our salesmen or Mr. Wilson, the special demonstrator, can give you scores of additional reasons. Or you can preceive them for yourself if you will come in and see our display. Or ask the woman who has used one. Come this week. Three more days left in which to get the set of ware **FREE**. This offer positively closes **This Week**.

There is not room here for all the letters sent. Others who sent letters and received high flyers, etc., are as follows:

Mary DeFord.	Carolyn Russell.	Lonnie Pettey.

## A Few samples of the Boys' and Girls' Letters

"The Majestic bakes better because it has a wall of pure asbestos that keeps the heat just right in the oven. It lasts longer because it is made of malleable and charcoal iron and is cold riveted. Heats more water because reservoir is next to fire box. Uses less fuel because you have full control of the heat all the time."—Mildred Bell.

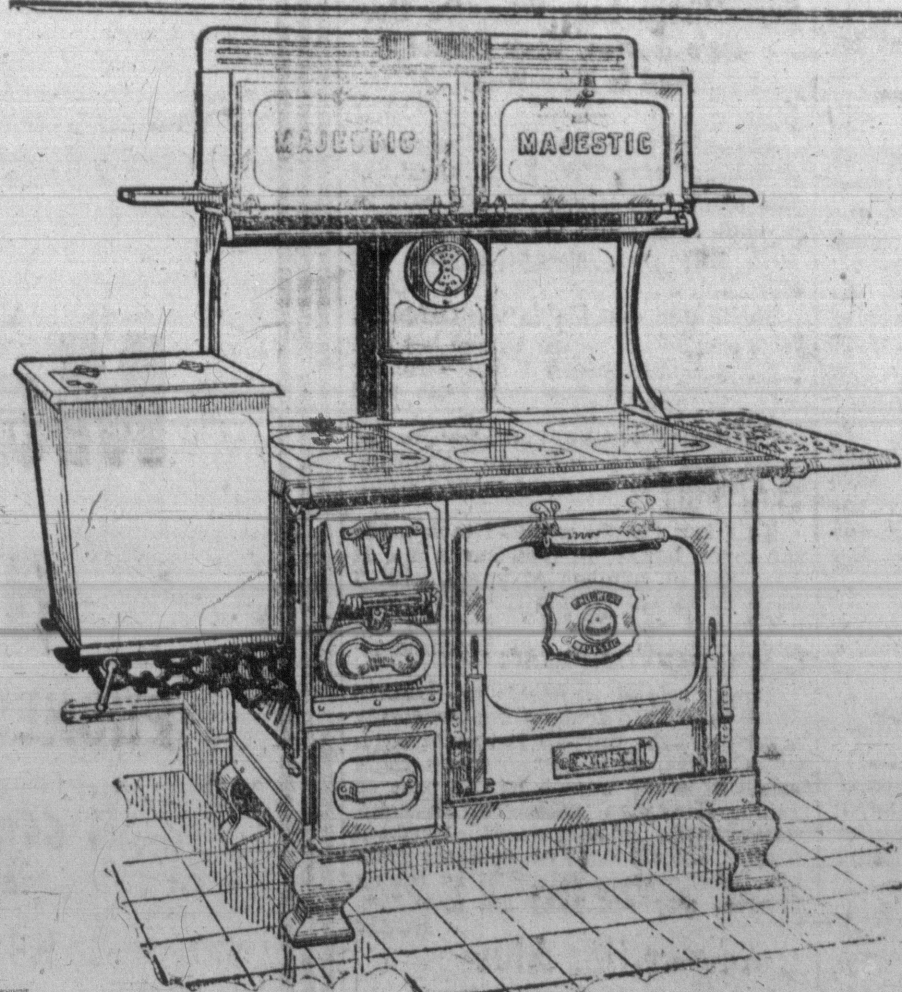

"The Majestic Range bakes better, it holds the heat in the range, prevents food waste, oven bakes perfect, lasts longer because there are no bolts to come loose. Heats more water because reservoir is next to fire. Burns less fuel because of asbestos lining properly put in."—Thurman McKola.

"Majestic bakes better because it is air tight, lasts longer because it is built of malleable and charcoal iron, heats more water because reservoir or waterfront is right next to fire and has more heating space than any range made. Burns less fuel because it is air tight, asbestos lined, has no wasted heat."—Mallie Culver.

The Majestic bakes better because it has an air tight oven. Lasts longer because it is made of malleable and charcoal iron that will resist heat and rust 300 per cent greater than steel. Heats more water and uses less fuel because it has the best constructed fire box in the world."—Ethel Sandlin.

"The Majestic bakes better because it heats up evenly. Lasts longer because you can't break it and will not rust out. Burns less fuel because it is air tight, holding the fire. Heats more water boiling hot when you want it because the tank is closer to fire box."—Sanders Cortner.

"The Majestic is the best range in the world because my aunt has been using one for 34 years and it bakes as good as new."—Ruth Prater.
